Collin County, Texas Adopted Budget FY 2005

About the Cover

Collin County has experienced rapid growth and undergone some fundamental changes over the last ten years. The cover illustrates that growth through the use of data regarding the tremendous increase in subdivisions over the period of 1984 to 2004. Each of the maps comes to the point where Collin County is on the globe.

Source: Subdivision data acquired from the Collin County Appraisal District (10/04/2004). Data information for map generation first utilized the "TAX YEAR" and then if unavailable, the "FILEDATE." Null information was conferred as being likely older than 1985. This map is a graphic representation of Collin County and should only be used for illustrative purposes.

Budget Court Orders	

Honorable Judge and Commissioners:

I am pleased to present the Adopted Budget for FY 2005 for Collin County. This budget is submitted in accordance with all statutory requirements as well as your desire to produce a "no tax increase" budget for consideration. In addition, the Adopted Budget follows the Five Year Plan as presented to the Commissioners Court. With all improvements and following the Five Year Plan, the budget maintains the current tax rate for the upcoming fiscal year and is projected to maintain the same tax rate through FY 2009.

During the budget kickoff meeting in March, departments were informed that the upcoming fiscal year would not include a great number of new positions or increases in the M&O budget. It was explained that with the uncertain future of health care and the looming threat of tax caps in Austin, as well as the idea of maintaining a plan for future growth, increases would be looked at with greater scrutiny.

The Adopted Combined Budget total for all funds (excluding interfund transfers and bond funds) is \$210.2 million. This total includes the Operating Funds (General, Road & Bridge, Permanent Improvement and Jury Funds \$147.8 million), Debt Service Funds (\$29.2 million) as well as all other funds (Grant, Insurance, etc. \$40.5 million). The General Fund budget accounts for the largest portion of the Adopted Budget with \$124.6 million. The Road and Bridge, Jury and Permanent Improvement Funds total \$23.2 million, which makes up the remainder of the operating funds.

Budget highlights include:

- No Adopted tax rate increase.
- Funding for the New County Court at Law 6
- Personnel Pay Increases
- ➤ 20 new positions that_include: the new County Court 6 and support staff (4), a Legal Secretary II in the District Attorney's Office for support in the County Courts (1), an IT Business Analyst (1), Non-Departmental positions (3), a Warrant Deputy for test collection efforts (1), a County Extension position (1), an indigent defense coordinator in Administrative Services (1), an additional dispatcher in the

Sheriff's Office (1), additional support in the Auditor's office (2), and additional state-funded positions in CSCD (5).

- ➤ Increased Employer Contributions to the Employee Insurance Fund. We continue to experience an increase in healthcare costs. Claims expenditures have outpaced the revenue collections for this fund, prompting the need for an increase in the monthly contribution on the part of the County from \$400 to \$500 per month per employee.
- ➤ Increases in various areas as identified in the Five Year Plan. As a result of continued growth in the County, increases in the areas of indigent health care in the Health Care Trust, indigent criminal defense as a result of Senate Bill 7 passed in the 2001 session, utility expenses for almost all County facilities, and inmate medical costs in the jail have been included the Adopted FY 2005 Budget.

The certified roll was up 6.32% or \$3.1 billion as compared to the \$2.5 billion increase experienced in FY 2004. This is slightly higher than the anticipated increases forecasted in the Five Year Plan. The economy is showing signs of recovery with anticipated growth in the future expected between 4 and 5%. This year's growth is good news, but conservative growth assumptions continue for the next 5 years.

The Adopted FY 2005 Budget addresses the many needs of the County while adhering to the Five Year Plan. I look forward to working with you to ensure the budget represents the service level you and the citizens of Collin County expect.

Respectfully Submitted,

Rodney D. Rhoades

Budget and Finance Director

Executive Summary FY 2005 Adopted Budget

Overview

The Adopted Budget for FY 2005 continues to hold to the established principles in Collin County of conservative fiscal planning and preparation for the future. Commissioners Court priorities with regards to the budget include producing a "no tax increase" budget, continuing to maintain the tax rate at 0.25 per \$100 valuation for the citizens of Collin County through 2009 and continuing to utilize the Five Year Plan as a tool for budget preparation. The challenges faced by Collin County include the rising cost of healthcare for employees and continuing to fund programs mandated by the State of Texas. The Adopted Budget represents strategies that bring recurring expenditures in line with revenues while continuing to provide a high level of services to constituents.

The Adopted Budget also provides for targeted investments in Commissioners Court priority areas. Theses initiatives are included in the Adopted Budget without the need for an increase in the overall property tax for the seventh consecutive year.

- ➤ The addition of a Business Analyst in the Information Technology department will continue ensuring that the County receives the best value for investments in technology.
- ➤ The addition of another Legal Secretary II to the Special Crimes division of the District Attorney's Office will continue to meet the increased demands for services.
- > To continue to increase delinquent fine collections, an additional Deputy Constable for warrants in the Constable Precinct One has been added and will be studied as a pilot program to see whether or not additional staffing could increase collections.
- ➤ The last legislative session authorized the addition of another County Court at Law; staffing for County Court at Law 6 is included in this budget.
- ➤ With the increased complexity of security threats, achieving efficient network intrusion security is critical to maintaining a high level of protection. \$395,000 will be spent for intrusion detection software for voice and data protection.
- ➤ The amount of \$198,810 is being budgeted for a full service support contract for Elections Administration to provide full project management, programming, drayage, logic and accuracy support, and election day rovers for countywide elections.
- ➤ In an ongoing effort to improve the quality of county roads, an increase of \$250,240 in road maintenance is budgeted.
- ➤ \$100,000 is budgeted for a new Jury Management System to replace a system implemented in 1989.
- ➤ The Records Management Fund budget includes \$1.3 M for the Imaging Project. This new imaging system will process all land records and vitals and digitize all map/plats filed in the County to allow for processing with improved operational efficiency for a future cost savings.
- As a continuing investment in increasing the safety of County citizens, \$6 million is being invested in a new public safety radio system.

An indigent defense coordinator position is being added to Administrative Services in a continuing effort to monitor expenditures for indigent criminal defense.

Economic Outlook

The local economy is beginning to show signs of recovery. Appraised values in Collin County have grown at an increased rate of 6.32% per year in 2004, an increased growth rate of 1.04% over the 5.28% growth of 2003. Unemployment in Collin County has decreased from 5.9% in September 2003 to 4.5% in September 2004. However, the County cannot plan and does not foresee returning to the double-digit growth of the years prior to 2001.

Local Texas governments hoping for assistance from the state or federal government are likely to be disappointed. The State of Texas began its budget deliberations this biennium facing a current year deficit of \$1.8 billion and a projected deficit of \$9.9 billion in the next biennium. The State's response, which cut funding for mental health and indigent health care and insurance, will result in local communities having to assume costs and services cut.

Despite these fiscal challenges, Collin County's economy continued to outperform the state and national economies. The County's jobless rate of 4.5% is significantly lower than the national unemployment rate of 5.1% and the state unemployment rate of 5.4%. New employers continue to seek out the high quality of life in Collin County every day.

Because ad valorem taxes account for over 84.1% of the General Fund revenue for the County, new real estate construction is a vital component of the County's ability to respond to demands for increasing services. Of the increase in appraised value, 76.6% is from new construction. The other 23.4% is from increased appraisals on existing properties. Collin County has a long record of minimizing the burden County government places on its citizens. Despite the financial challenges faced by the County, the Adopted Budget holds the County's tax rate at the existing level.

Budget Process

The budget is a financial plan for a fiscal year of operations that matches all planned revenues and expenditures with the services provided to the citizens of Collin County. The FY 2005 Adopted Budget covers a twelve month period beginning October 1, 2004 through September 30, 2005.

The purpose of the budget preparation process is to develop a work program and financial plan for Collin County. The goal is to produce a budget document that clearly states what services and functions will be provided with what financial, personnel and other resources. The budget document must be clearly understandable by the taxpayers and citizens at large. It is a policy document that defines issues in such a manner that the Commissioners Court can make sound decisions regarding County programs and finances. The Commissioners Court must be given enough information to make funding choices between alternative programs and priorities. The

budget document provides offices and departments with a work program to carry out their missions. It also provides the Budget Officer and the County Auditor with a financial plan with which to assure that the County operates within its financial means. Finally, the budget serves as an important reference document that provides extensive information on the nature and scope of County operations and services.

The process for developing the FY 2005 Adopted Budget involved the following overall steps:

- > Setting of budget goals for the County in cooperation with Commissioners Court
- Proposed Budget Preparation workshops with County departments
- Preparation of Proposed Budget
- Commissioners Court Workshops and Public Hearings
- Budget Adoption

The Annual Budget process begins with a workshop to establish the general direction of the FY 2005 Budget and to allow for the setting of budget goals for the County. This workshop is held in the context of a regular Commissioners Court meeting which is open to the public and where the opportunity for public comment does exist.

Department Directors and Elected Officials then have the opportunity to begin analyzing their current budgets and preparing requests for the upcoming fiscal year. Departments are given their baseline budgets based on current service requirements and allowed to submit expenditures proposed within baseline amounts. The baseline budgets submitted represent the departments' best judgment on how resources should be allocated based on their experience on the most effective method for delivering services.

Program improvement requests refer to requests to change the level of service or method of operation. Generally, program improvement requests are for new positions, technology and other equipment and associated supplies, and contractual services necessary to support a new or expanded program. Information submitted in support of the program improvement describes how the proposal will improve services. Vehicles and heavy equipment are replaced based on the five year fleet replacement schedule projections.

Once the budget requests have been received, the Budget Office begins its review. At the same time, revenue estimates are received from the County Auditor's Office. The Budget Office utilizes these estimates and projections as well as tax roll information from the Collin Central Appraisal District to formulate budget-balancing strategies. Because the County Information Technology (IT) provides technology information and services to all offices and departments, IT also reviews all budgetary requests for hardware and software, communication equipment and programming, and subsequently recommends the appropriate technology required to meet the needs identified by the office or department. Department directors are then provided with the opportunity to meet with Budget office staff and the County Budget Officer during the weeks following submission of FY 2005 budget requests to further discuss and detail any requests for program improvements they have made.

As an ongoing effort to improve the efficiency and effectiveness of Collin County, the Budget Office, as directed by Commissioners Court, has been continually working towards Performance Based Management since 2003. The FY 2005 Adopted Budget reflects the next step in achieving a fully implemented performance based budget. During the FY 2005 budget process, offices and departments were asked to submit performance measures as a way to demonstrate how performance will be improved in the upcoming fiscal year. Budget Office staff also worked with County offices and departments to develop systems to better track and manage data related to their performance measures. The Budget Office plans to undertake additional initiatives during FY 2005 and to examine the feasibility of the County evolving to a quarterly performance reporting system where the performance measures can be audited for relevance and reliability. The Adopted Budget document reflects updated program information, goals and objectives and performance measures for each department.

Once the document is complete, the Budget Officer must file a copy of the proposed budget with the County Clerk and the Auditor. Upon receipt of the proposed budget, the Commissioners Court is required to set a date and place for a public hearing "within 10 calendar days after the date the proposed budget is filed but before the last day of the first month of the fiscal year (LGC Sec. 111.067b). After receipt of the Proposed Budget, the Commissioners Court holds a series of worksessions to review the details of the program improvements requested by the departments, both those that were recommended by the Budget Officer as proposed for FY 2005 and those that were not proposed. At a public hearing, the Commissioners Court gives all interested taxpayers of the County an opportunity to be heard for, or against any expenditure account or revenue estimate. Once the Commissioners Court completes its deliberations and holds a public hearing on the proposed budget, the Court votes to adopt a budget and a tax rate. The Court may make any changes to the proposed budget it deems necessary as long as the total expenditures do not exceed the total revenues estimated by the County Auditor.

Implementation of the Budget

Upon adoption of the budget by Commissioners Court, a copy of the budget is filed with the County Auditor and the County Clerk. The County Auditor will use the Adopted Budget to set up the appropriate budgetary accounts for each office and department. The County Auditor is responsible for the financial accounts of the County. The Budget Office is responsible for monitoring expenditures in accordance with the budget and for initiating appropriate budget transfers. Offices and departments are responsible for keeping expenditures within the budgeted amount and for tracking performance indicator data.

Amendments to the budget can be made after adoption. According to Section 111.070 of the Texas Local Government Code:

(b) The Commissioners Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention. If the court amends the original

budget to meet an emergency, the court shall file a copy of its order amending the budget with the county clerk and the clerk shall attach the copy to the original budget.

According to local government code, the Commissioners Court is authorized to make inter-department and inter-fund transfers during the fiscal year, if necessary. Section 111.070c says, "the Commissioners Court may amend the budget to transfer an amount budgeted for one item to another budgeted item without authorizing and emergency expenditure." The following briefly describes the process of approval for budget transfers:

The office or department requests a transfer of funds from one expenditure group to another. The Budget Office evaluates the request to determine its appropriateness and the availability of funds. The Budget Office then forwards it along with their recommendation to Commissioners Court consideration. If approved by Commissioners Court, the County Auditor makes the appropriate changes in the financial management system to reflect the approved transfer.

In a case where the County receives grant or aid money, the budget may be amended to show receipt of the grant funds. Texas Local Government Code Section 1111.0706 states:

The County Auditor shall certify to the Commissioners Court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the Court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

The same holds true for any revenues received from intergovernmental contracts. In the event that a contract is formed with the County after the budget has been adopted, the budget may be amended to reflect the special revenues. Section 111.0707 of the Texas Local Government Code states:

The County Auditor shall certify to the Commissioners Court the receipt of all revenue from intergovernmental contract that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the Court shall adopt a special budget for the limited purpose of spending the revenue from intergovernmental contracts for its intended purpose.

Adoption of the FY 2005 Budget shall take place not earlier than the 3rd day or later than the 14th day after the public hearing on the FY 2005 Tax Rate.

Accounting System

All County accounts are organized on the basis of funds (account groups). Using these accounts, the revenues and expenditures are approved before the beginning of each fiscal year by a budget adopted by Commissioners Court. Currently all County funds are grouped into two types, governmental funds and proprietary funds. Governmental funds include the General Fund, the Road and Bridge Fund, the Jury Fund, the Permanent Improvement fund and the Debt Service funds. The General Fund accounts for the main operating activities of the County. Proprietary funds (internal service funds) are used to account for the payment of employee insurance, flexible benefits, workers' compensation and similarly funded activities. These activities are funded on a cost-reimbursement basis, with the expenditure charged to the department incurring the expenditure.

The County's budget for governmental funds and proprietary funds is maintained on a modified accrual basis. The County's accounting records are also on a modified accrual basis with revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Encumbrance accounting is used for all funds. Encumbrance accounting means that an estimated cost is recorded on the books at the time of an order of goods or services so that all obligations are booked. When the actual cost is known, it is booked, and the encumbrance is reversed.

Appropriations in the Capital Projects Funds are made on a project basis rather than on an annual basis and are carried forward until the projects are completed. Except for capital projects, grant and federal entitlement appropriations, or for encumbrances outstanding in any fund, unused appropriations lapse at the end of the each fiscal year.

The FY 2005 Adopted Budget appropriates expenditures into the following expenditure groups:

- > Personnel
- > Maintenance and Operations
- > Capital Equipment.

In the past, funds have been appropriated at the line item level. Instead, each expenditure group is the sum of individual, similar line item allocations. This presentation of budget data is designed to provide offices and departments detailed information but with greater flexibility in the management and control of their budgets. This system reduces unnecessary bureaucratic control while continuing to provide sound financial and management information. Although budgetary data is presented in the budget document according to expenditure group, detailed line item information has been input into the County's financial management system.

Account Structure

As previously stated, the County maintains budgetary control of its operating accounts through the use of various funds. A "fund" is a self-balancing set of accounts with identifiable revenue sources and expenditures. It is segregated for the purposes of measuring a specific activity. Fund balance is the excess of revenues over expenditures and encumbrances. These fund

balances are available for emergencies or unforeseen expenditures. Fund balances in the aggregate are a significant enough percentage of appropriations to meet unforeseen events or needs. The great majority of all County discretionary expenses are included in the following:

Capital Improvements Funds: Includes expenditures for capital projects related to the construction and renovation of County detention, courtroom, roads and office facilities. All proceeds come from the sale of debt instruments:

Debt Service Funds: Includes expenditures for principal and interest on all County debt.

General Fund: Accounts for most of the financial resources of the County which may be used for any lawful purpose; includes expenditures for general administration, judicial, public safety, and health and welfare.

Road and Bridge Special Revenue Fund: Includes mainly expenditures for road projects and preventative maintenance on roads. This fund's main source of revenue is property taxes and vehicle registration fees.

Other County funds are used to provide valuable resources and services. The following are brief descriptions of some other County funds:

Pre-Trial Release Fund: Accounts for receipt of pretrial release fees and related expenditures in accordance with state statutes.

Jury Fund: Includes revenues and expenditures for juries at the various County courts; Financed in part by a designated part of the annual property tax levy.

Law Library Fund: Includes maintenance and operations of a law library open to residents of the County.

Youth Park Operating Fund: Includes maintenance and operations of the County-owned Youth Park facility. Funding comes from rental revenue and operating transfers.

Records Management Fund: Accounts for the collection of a statutory document preservation fee and the expenditure for records management and preservation services.

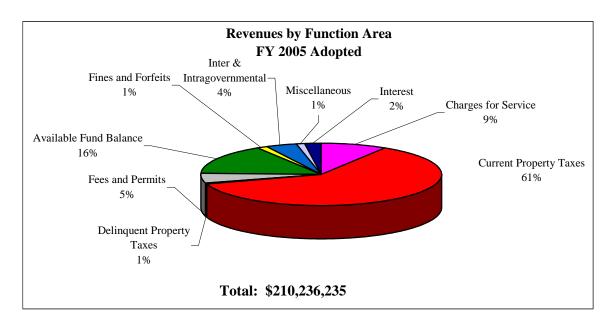

Document Preservation Fund: Accounts for the collection of a statutory preservation fee and the expenditures for preservation services.

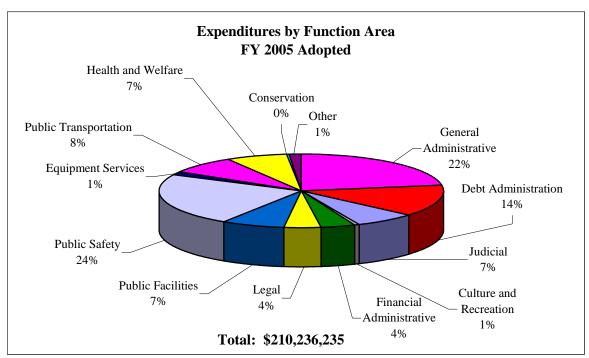

Courthouse Security Fund: Includes the collections and expenditures of fees for security services for buildings housing a court.

Code Inspection Fund: Includes expenditures and revenues related to building inspections for compliance with County fire and building codes.

FY 2005 All Funds Adopted Budget Summary

The FY 2005 Adopted Budget appropriation for all funds is \$210.7 million, excluding interfund transfers of \$6.8 million and bond funds. The following charts show operating appropriations and revenues for all funds for FY 2005.

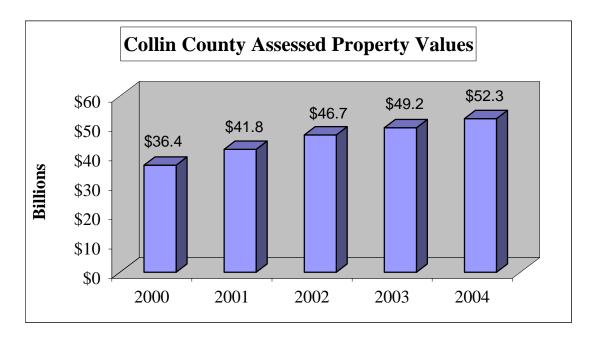

Revenues

The total Collin County Adopted Budget for FY 2005 includes current revenue projections of \$195,358,837 excluding available fund balances. The revenues to be received during the upcoming fiscal year are estimated by the County Auditor (Texas Local Government Code 111.062(b)(5). The total revenue budget represents an increase of \$12,917,369 or 7.08% more than FY 2004 estimated revenue. Increases are due primarily to new construction and increases in appraised values. The FY 2005 Adopted Budget includes an additional \$8.79 million in tax revenue when compared to the FY 2004 estimate and \$10.7 million more when compared to the FY 2003 actual.

Ad Valorem Taxes

Ad valorem tax revenue is determined by two components: the total appraised property value and the tax rate.

The Collin Central Appraisal District establishes the appraised property values within the County in accordance with State law. Appraised values in Collin County experienced double-digit increases throughout the late 1990s and through the year 2002. 2003 and 2004 have been years of more modest growth. The District's information for 2004 shows an increase in total taxable property values of 6.32% for a total taxable value of \$52,275,021,659. Of this amount, \$35,478,978,789 is from improvements.

The property tax rate consists of two components. The first is the debt service rate component that is determined by the County's debt service requirements. The current debt service rate for FY 2005 is 5.395 cents per \$100 of assessed value. Funds from this component are deposited in the debt service funds and are used exclusively to pay the principal and interest on debt. The second component of the tax rate is the amount for operating budget funds. The current operating fund tax rate for FY 2005 is 19.605 cents per \$100 of assessed value. These two components taken together provided for a total tax rate for FY 2005 of 25 cents per \$100 of assessed value.

The FY 2005 Adopted Budget is balanced at the same ad valorem property tax rate as FY 2004, which is 25 cents per \$100 valuation. *FY 2005 marks the seventh straight year of maintaining the tax rate with no increase.* For the individual homeowner whose appraised value has not changed from FY 2004 to FY 2005, there will be no change in the County property tax bill. However, if the Collin Central Appraisal District changes the appraised value on the same home to reflect changes in the market value, the impact will vary, depending on the value determined by CCAD. From FY 2004 to FY 2005, the average home in Collin County increased in value from \$205,405 to \$208,544, which is an increase of \$3,139 or 1.53%. The calculation of the average homestead value takes into account improvements as well as changes to base valuation. The increase in the average value means that the average homeowner will pay \$7.85 more in County property taxes per year. The changes to property values will vary, but the property tax rate will remain the same.

Other Revenue

Other sources of revenue to the County include charges for service, fees and permits, fines and forfeits, inter/intragovernmental funds, interest on investments and miscellaneous other revenues.

Charges for service: Includes those fees that are charged directly to citizens in return for a specific service required of the County. Some examples of these types of fees are land records fees, archive fees, passport commissions, child support fees, building inspection fees, health permits, and document preservation fees.

Fees and permits: Primarily these are the County's share of the motor vehicle registration fee and other road related fees and permits.

Fines and forfeits: Fine and forfeitures depend on the provisions of state law, and are usually mandatory, but occasionally optional with the Commissioners Court. This County has instituted all the optional court costs and receives the maximum amount from these sources. Revenues from this source depend on collections by departments, the actions of the courts, incidence of offenses and various other external factors.

Inter/intragovernmental: Includes revenues from the state, federal or other governmental sources. They include state-shared revenues, interlocal contracts and federal grants. By their nature, this revenue source can be subject to substantial fluctuation. The County has adopted some measures in the past three years to optimize federal and state reimbursements.

Interest: Interest earnings are a function of the rate of return and amount available for investment. The amount available for investment depends on a variety of factors, the largest of which is the cash balance available for investment. Proper planning can nearly always result in a greater amount available for investment and will increase the earnings relative to the current rate of return on investments.

Miscellaneous: Includes all other sources of revenue, such as contributions, pay phone commissions, bail bond licenses and others.

Most of these revenues are projected to remain relatively flat or increase slightly over the previous year's estimates.

Expenditures

The chart below presents a side-by-side comparison of the expenditures by function for the past three years.

Expenditures by Function	Actual 2003	Adjusted Budget 2004	Adopted Budget 2005	Percent Change 2004 vs. 2005
Conservation	\$302,963	\$602,866	\$558,941	(7.29%)
Culture and Recreation	\$1,146,044	\$1,504,524	\$1,409,326	(6.33%)
Debt Administrative	\$28,351,834	\$26,852,258	\$29,230,957	8.86%

Other	\$782,139	\$1,668,143	\$2,820,739	69.09%
Public Facilities	\$11,118,106	\$13,628,857	\$15,620,139	14.61%
Public Safety	\$43,468,632	\$47,108,933	\$48,452,190	2.85%
Public Transportation	\$13,568,954	\$17,599,948	\$16,662,991	(5.32%)

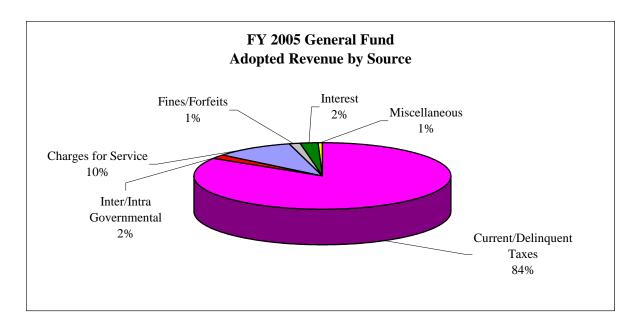

The largest areas of growth are in the Other function area and the Judicial function area. The Other function area has grown as a result of the increased resources being dedicated to records management in the County from the dedicated fee passed during the 2003 Texas Legislative session. The Judicial function continues to grow as an additional district court and an additional county court are fully funded to meet the needs of the rapidly growing population in Collin County. Both of these courts were authorized during the 2003 Texas Legislative session. Other functions continue to growth at approximately the same rate of growth in the entire budget; most of this growth can be attributed to the rising cost of health insurance premiums for all personnel countywide.

The County's ability to absorb additional debt remains excellent. The bond-rating agencies have rated the County as an excellent credit risk. Moody's Investors Services rate Collin County their highest rating of Aaa while Standard and Poor's rating service continues to rate the County at AAA. Both ratings are considered the highest possible.

In summary, the County remains in excellent financial health. The growth in population and economic strength continues and shows no sign of abatement. We are continuing to strengthen financial controls in the County, and this will enhance our financial strength.

General Fund

Revenues

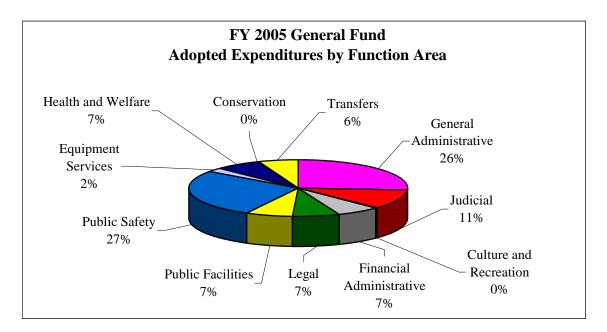

Total General Fund FY 2005 Adopted revenues are \$115,048,624. This represents a \$7,149,303 or a 6.63% increase over FY 2004 Estimated revenue. The Adopted ad valorem property tax revenue of \$96,506,569 is an increase of \$5,171,418 or 5.66% over

FY 2004 Estimated for several reasons. First as stated above, property values increased overall by almost six percent. Since the overall tax rate remains the same, the County benefits from those increases. Second, the County has chosen to fund forego using any ad valorem taxes for road and bridge maintenance since funds from taxes and title fees are adequate for the County's road and bridge maintenance needs in FY 2005.

The County is projecting an increase of 20.8% in Inter/Intra Governmental revenue, 13.2% in Charges for Service, 21.2% in Fines and Forfeits and 3.3% in Interest in the General Fund. These increases are a result of a concerted effort to maximize all revenue opportunities, the growing population in the County, the County continuing to pursue all grant opportunities, and the continuing focus on collecting all fines and fees due to the County.

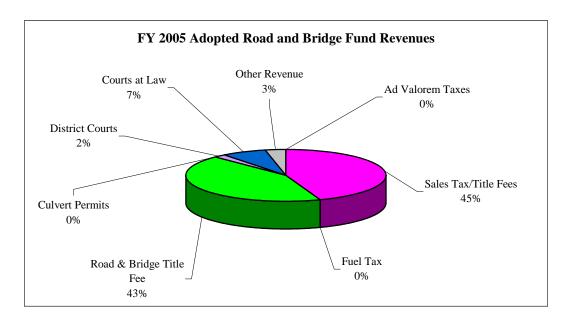

Expenditures

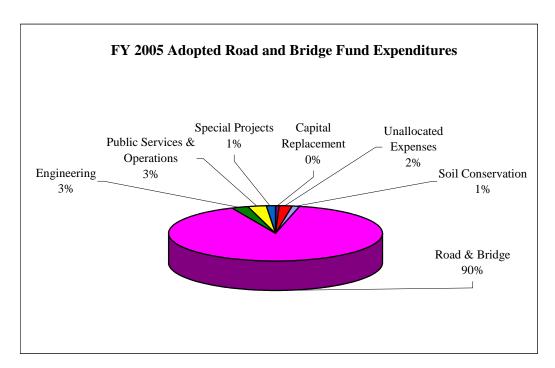

The FY 2005 Adopted General Fund expenditures are \$124.6 million. This amount represents a 12.39% over the FY 2004 Adopted Budget. Much of this increase is a result of the 25% increase in contribution per employee to the County's self funded health insurance program.

Other Funds

Road and Bridge Fund

The total FY 2005 Adopted revenues for the Road and Bridge fund are \$11,635,000. This amount represents an 18.7% decrease in the amount of revenue budgeted in FY 2004. The County has decided to forego using any ad valorem taxes for Road and Bridge fund needs and to instead rely on the growing amount of fees and fines.

The total FY 2005 Adopted expenditures for the Road and Bridge fund are \$16,052,991. This amount represents a 2.3% increase over the FY 2004 Adopted. Some of the significant program increases in the Road and Bridge fund include increases in road maintenance and the expenses related to utility relocation on County road widening projects.

Jury Fund

As previously stated, the Jury fund is a constitutional fund financed by a designated part of the annual property tax levy and fees collected in connection with the filing of lawsuits. The total revenues adopted for the Jury fund for FY 2005 are \$468,351, a 28% increase over the FY 2004 Adopted revenues, due for the most part to the increased revenue from ad valorem taxes. The total FY 2005 Adopted expenditures budget for the Jury fund is \$621,742, a 34% increase over the FY 2004 Adopted budget. The major increase in the Jury Fund is due to the funding for the acquisition of a new Jury Management system.

Permanent Improvement Fund

The Permanent Improvement fund is also financed by a portion of the property tax levy as required in the Texas Constitution. Projects in the Permanent Improvement fund are those capital projects that do not necessarily warrant the expenditure of bond funds but are still necessary to the efficient operation of the County. Total revenues in the Permanent Improvement fund for FY 2005 are \$4,769,657. Total expenditures Adopted for FY 2005 are \$6,596,050.

Long Term Debt

Collin County issues general obligation bonds and tax notes to finance major capital projects. Capital Projects funded with bonds or other indebtedness will be managed during construction by a multiyear budget. The Adopted Capital Budget for FY 2005 is \$67.6 million.

The County's legal limits on debt are stated in the Constitution of the State of Texas, Article 3, Section 52. It says that by an affirmative vote of two-thirds majority of the voting qualified voters of the county, the County may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of the County. The County must set up a sinking fund and levy and collect taxes to pay the interest and principal of the annual required debt service until the debt is retired.

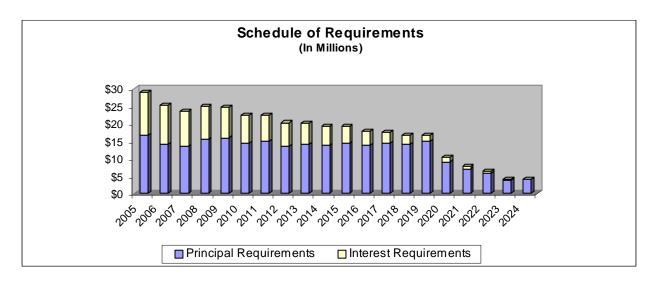

The assessed value of the real property in the County is \$46.73 Billion and one-fourth of this amount is \$11.68 Billion. The total debt of the County is \$259.1 Million to be paid over the years until 2022. Both bond-rating agencies have rated the County the highest possible, with Moody's Investors Services rating Collin County their highest rating of Aaa and Standard and Poor's rating the County at AAA.

The County relies on the advice of a professional outside financial advisor and its own financial officers about when it is advisable to issue new debt. A guiding principle on the issuance of new debt is the desire of the County to continue to maintain AAA bond ratings. We are well within the permissible limits set out by these advisors to continue with this goal.

On November 3, 2003, Collin County called a bond election totaling \$229 million on three propositions. Proposition One was to issue bonds in the amount of \$142 million for construction, maintenance and operation of roads and turnpikes throughout the County, including participation in the cost of joint State Highway and joint city projects. Proposition Two was to issue bonds in the amount of \$11 million for the purpose of acquiring and improving land for park and open space purposes, including joint county - city projects. Proposition Three was to issue bonds in the amount of \$76 million to acquire, construct, improve, renovate and equip juvenile and adult detention facilities, including court facilities and acquisition of land. The voters of Collin County approved all three propositions. The schedule for the construction of the projects approved in this bond election will be coordinated with the County's Debt Management Plan to ensure that projected capital funding requirements are consistent with plans for the sale of authorized General Obligation bonds and tax notes.

Conclusion

The Adopted Budget for FY 2005 represents a program of revenues and expenditures which provide for as high a level of basic services to the community as possible within the limits of available resources. While maintaining the tax rate, the Adopted Budget provides for added targeted investments in priority areas such as information technology, warrant collection, and public safety. The Adopted Budget requires no increase in the overall property tax rate for the seventh consecutive year, remaining at 25 cents per \$100 valuation.

Community Profile

History

Collin County is located in northeastern Texas thirty miles south of the Red River. McKinney, the county seat, is thirty-four miles northeast of Dallas. With the exception of a small portion of its western edge, Collin County's area of 886 square miles lies entirely within the Blackland Prairie region of Texas. The surface of the County is generally level to gently rolling with an elevation ranging from 450 to 700 feet above sea level. The western and central portions of the County are drained by the East fork of the Trinity River. The Elm fork of the Trinity drains the eastern section. Bois d'arc, oak, elm, ash, pecan, and post oak trees grow along the streams of the County but not in sufficient quantity for commercial use. Limestone and sand for making cement are the only mineral resources. Temperatures range from an average high 96 degrees Fahrenheit in July to an average low of 34 degrees Fahrenheit in January. Rainfall averages just under thirty-five inches a year, and the growing season extends for 237 days.

Branches of the Caddo Indians inhabited the area before the arrival of the first white settlers. Occasional outbreaks of violence occurred between the two groups, but there was no extended period of conflict since the Caddos withdrew from the County by the mid-1850s. The County and the County seat, McKinney owe their names to an outstanding area pioneer, Collin McKinney, who was a signer of the Texas Declaration of Independence.

The majority of the first settlers of Collin County were farmers who lived near streams, where water and wood were easily obtained. They established small, family-operated farms that produced mostly wheat and corn. The lack of transportation facilities, limited markets, and the absence of mechanized farm equipment restricted the agricultural production of the County. The arrival of the railroad removed these obstacles and initiated a fifty-year period of economic growth. In 1872, the Houston and Texas Central Railway, the first to reach the County, connected McKinney and Plano to tracks that reached as far south as Houston. By the mid-1890s six railroads crisscrossed the County, connecting farmers to retail markets throughout Texas. With an outlet for their products, farmers began to cultivate the unplowed fertile land in the eastern and central sections of the County.

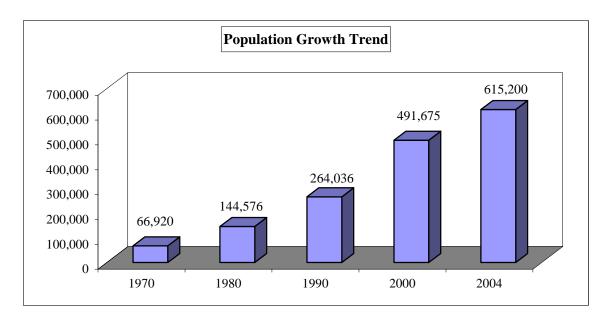

By the 1960s the mechanization of farming, however, reduced the number of farms. Because of the lack of business opportunities outside farming in the County, the majority of those forced to leave farming also left the County. The population decreased from 47,190 in 1940 to 41,247 in 1960.

By 1980, the introduction of light industry, combined with the growth of the Dallas metropolitan area, produced a successful diversified economy. The economic growth between 1960 and 1980 accompanied a comparable population growth. Collin County's population increased from 41,247 in 1960 to 144,576 in 1980. Subsequently, it continues to grow, largely as a result of the development of the suburbs in and around Plano. By

1990 the number of residents in Plano increased to 128,673, and the population of the County as a whole grew to 264,063, nearly double what it had been only a decade before. The 2000 Census estimates the population of Collin County at 491,675, an 86.2% growth in just one decade. The diversified economy continues to diminish the number of farms. The County little resembles what was settled in the 1840s.

Economy

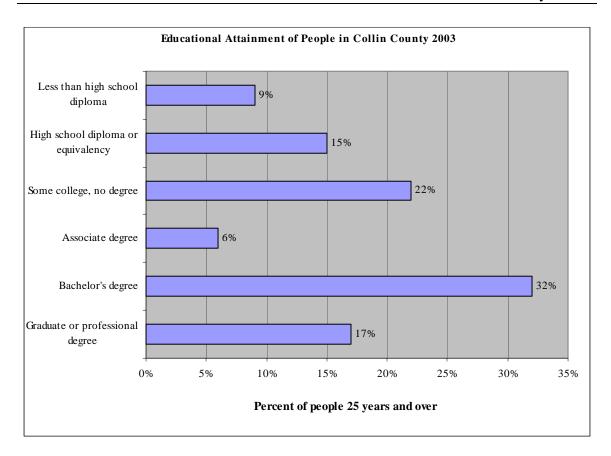

In 2003, for the employed population sixteen years and older, the leading industries in Collin County were Educational, health, and social services (16%), and Professional and business services (16%). Among the most common occupations were management, professional and related occupations. Second would be sales and office occupations. Eighty-five percent of the people employed were private wage and salary workers; eight percent were federal, state or local government workers; and six percent were self-employed.

Eighty-four percent of Collin County workers drove to work alone in 2003, eight percent carpooled, two percent took public transportation, and two percent used other means. The remaining four percent worked at home. Among those who commuted to work, it took them on average twenty-seven minutes to get to work.

The median income of households in Collin County was \$71,458. Ninety-two percent of households received earnings and eight percent received retirement income other than Social Security. Fourteen percent of the households received Social Security. These income sources are not mutually exclusive.

In 2003, ninety-one percent of people twenty-five years and over had at least graduated from high school and forty-nine percent had a bachelor's degree or higher. Among people sixteen to nineteen years old, one percent were dropouts; they were not enrolled in school and had not graduated from high school. The total school enrollment in Collin County was 169,000 in 2003. Preprimary school enrollment was 25,000, and elementary or high school enrollment was 107,000 children. College enrollment was 38,000.

PURPOSE

Administrative Services manages the day-to-day operations and infrastructure of the County and acts as an advisor to the Commissioners Court on fiscal, functional, and legal matters. The Commissioners Court sets policy while Administrative Services implements that policy. Administrative Services works as a facilitator, coordinator and catalyst, developing good working relationships and counting on and seeking out the support of the experts - department heads, appointed officials, elected officials, staff and the community.

GOALS & OBJECTIVES

Manage existing and future capital projects including the administration of bond elections.

Provide Commissioners Court with timely and accurate information for use in determining formal County policies and court orders.

Monitor federal, state and local legislation to insure County compliance.

Draft and distribute timely and accurate information to County staff, elected officials, and the public.

Manage the selection, financing, installation, and operation of IT hardware and software.

Provide adequate facility and infrastructure resources to support the operations of the County.

Develop a working and professional dialogue between the County and all governmental entities in the County.

Provide standardized personnel and payroll policies and manage their compliance.

Support the development and implementation of County transportation plans.

Develop and implement a proactive health policy for County residents.

We, the men and women of the Collin County Sheriff's Office, believe that our fundamental duty is to serve and protect the citizens of Collin County with fairness, compassion, and respect. We demand excellence in the quality of our law enforcement, stressing professionalism, integrity, and timeliness, so that those we serve may feel secure. We provide equal enforcement and protection of the law without prejudice or favor. We promote the setting of goals in partnership with the community, and prioritize and address problems based on the concerns of the community. Committed to continuous improvement in law enforcement, we promote and utilize the most modern techniques available.

GOALS & OBJECTIVES

Identify, protect, and improve the lives of abused and neglected children.

Respond to reports of children abused physically, emotionally, sexually, and to reports of neglected and abandoned children.

Reduce child abuse cases throughout Collin County by means of law enforcement and educational programs.

Prepare cases for prosecution of offenders and follow cases from initial report until adjudicated.

Work with other agencies such as Child Protective Services, medical and therapy services, and the District Attorney's Office to ensure that child abuse cases are resolved.

MAJOR PROGRAMS

Bringing abused children to the Collin County Child Advocacy Center for investigation of abuse in a child friendly environment.

Work within multi-agency teams to ensure child victims receive all necessary resources.

Provide individuals, groups, clubs and associations with programs designed to provide information relating to the safety of children.

To professionally, efficiently, accurately and diligently execute all civil and criminal court documents assigned to this office by the courts of Collin County and other jurisdictions; to attend the Justice of the Peace Courts as bailiff and ensure the security and safety of the judges, their staff, all court participants and secure the County facility in which their court is held; and to fairly and justly enforce the laws of the State of Texas and the United States.

GOALS & OBJECTIVES

To professionally, diligently and efficiently execute all civil and criminal court documents issued to this office by the courts.

To attend the Justice of the Peace courts to ensure the security and safety of the court staff and all participants in the courts as well as to maintain a secure and safe environment for them to work.

To effectively enforce the laws of the State of Texas and the United States.

To execute all court documents issued to our office in an efficient manner to keep the costs to the parties of the court actions, the County and the county residents as minimal as possible.

To complete our assignments and duties as effectively and efficiently as possible.

To use diligent efforts to execute all court orders assigned to our Department in a timely and efficient manner to reduce liability to the County.

To keep our staff well trained in methods to execute the court documents assigned to our Department.

To continue to seek out methods to collect fees and fines due to the County.

MAJOR PROGRAMS

Civil Division--Delivers all civil court documents, such as citations, evictions, restraining orders and other writs.

Warrant Division--Executes criminal arrest warrants, mostly for Hot Check cases and unpaid traffic fines.

<u>Writ Division</u>--Executes court orders to enforce civil judgments, seize property to be held until further orders of the courts, and to seize and sell property described by the court in the court order (Tax Sales, etc.)

<u>Payment Delinquent Order</u>--Collect on checks returned to the Tax Assessor/Collector written for license number plates, or remove the license number plates from the vehicle and return to the Tax Assessor/Collector.

Environmental Enforcement--Work illegal dumpsites and respond to citizen complaints in an attempt to identify and prosecute illegal dumpers. Also coordinate efforts to clean up illegal dumpsites.

<u>Bailiff/Courtroom Security</u>--Attend two Justices of the Peace courts, ensure the safety and security for the judges, court staff, and participants in court cases as well as maintain security and safety of the County facility where their court is held.

To represent the State of Texas in all criminal prosecutions in Collin County and to exercise that authority and discharge those responsibilities granted to the District Attorney by the Constitution of the State of Texas, the Texas Code of Criminal Procedure and the Texas Local Government Code; to serve as an advocate for the rule of law; and to accomplish the foregoing fairly, productively and efficiently.

GOALS & OBJECTIVES

To employ individuals of the highest integrity, skill and courage who are committed to professional excellence, fairness to the accused, candor with a respect for the court and opposing counsel, compassion and respect for victims and witnesses, and the attainment of justice.

To provide a common-sense criminal justice system.

To accommodate the growth in the number of cases to investigate and prosecute by continued efforts to refine operations and employee policies and by assisting other law enforcement agencies to be more efficient and responsive in their official business with the DA's Office.

To assimilate the 417th District Court in FY 2005 (court became effective September 15, 2004), without hiring additional personnel or requiring more space, furniture, equipment, telephone services or supplies, or without any budget impact arising from the DA's Office operations.

To assimilate the new County Court at Law when its existence comes into effect on January 1, 2005, by hiring only one misdemeanor secretary but no other personnel and without requiring any additional space, furniture, equipment, or telephone service, or with minimal budget impact arising from the DA's Office operations.

To continue to obtain efficient, reliable and versatile technology to assist in accomplishing the purpose, mission, and goals and objectives of the DA's Office.

To establish the VIP (Volunteers in Prosecution) program by recruiting, screening, training and assigning a cadre of volunteers to perform various clerical duties throughout all Divisions of the DA's Office beginning on or before October 1, 2004 without cost to Collin County for the labor to be performed by the volunteers.

To establish the Citizens' Prosecutor Academy program by recruiting and screening citizens to attend an 8 to 9 week course that will be offered twice each year beginning on or near October 1, 2004. The course will involve meetings, events and site visits where participants will learn about every aspect of the operation of the criminal justice system in Texas and in Collin County in general and will obtain specific, in-depth information about the operations of the DA's Office in particular. There will be 20 to 30 participants in each of the two sessions conducted each year.

To establish a Speakers Bureau to service the demands of charitable, civic, political, business and legal organizations throughout Collin County with knowledgeable, highly-skilled speakers from the DA's Office.

To establish and present a Media Conference to be held and conducted annually by the DA's Office, and to produce a media guide available for the asking by any media outlet or reporter. The first media conference is tentatively scheduled for one day in late September or early October 2004.

To continue with the production and distribution of the DA's Office internal newsletter. The first issue was written, produced, and distributed in March, 2004, with the second in April. The newsletter will be issued every other month beginning June 1, 2004.

To prepare and publicly disseminate annual reports by February 15 of each year detailing the previous year's operations and notable achievements of the DA's Office and its success at achieving its goals and performance measures.

To advance and refine the operation of the already highly successful Cold Case/Fugitive Unit in the DA's Office.

To begin preliminary steps toward establishing a Crime Commission in Collin County by FY 2006.

To continue improvement of the DA's website and the enhancement of its features and to increase its utility to its visitors.

GOALS & OBJECTIVES CONT.

To establish and sponsor or co-sponsor an Explorer Post under the auspices of the Boy Scouts of America either alone or with the Collin County Young Lawyers Association or similar group.

PROGRAM IMPROVEMENTS

The District Attorney has received an additional Legal Secretary II position for the Special Crimes Division. The Special Crimes Division has greatly exceeded growth expectations in both the civil and criminal sections. The Division needs another secretary in order to perform its mission and meet the demands made on it. The cost of this program improvement to Collin County is \$6,648 in one-time cost and \$42,944 in recurring cost for a total of \$50,592.

The District Attorney has also received a file cabinet for the Misdemeanor Intake Section. Due to the increase of cases brought into the District Attorney's office from the various law enforcement agencies throughout Collin County, additional file cabinets are desperately needed to keep up. The cost of this program improvement to Collin County is \$430 in one-time costs.

A file cabinet has also been received by the District Attorney for the Special Crimes Division. Due to the expansion of the Special Crimes Division, additional file cabinets are desperately needed to keep up with all the cases brought in. The cost of this program improvement to Collin County is \$555 in one-time costs.

The District Attorney has received Adobe Acrobat 6.0 Professional for the Chief Appellate Attorney of the Appellate Section. The capability of Adobe Acrobat Writer is needed to generate and edit PDF files in the Appellate Section. Many documents are sent by way of Adobe, and edits need to be made. The cost of this program improvement to Collin County is \$178 in one-time costs.

Collin County 116 Adopted Budget

PROGRAM IMPROVEMENTS CONT.

The District Attorney has also received a digital camera for the Family Justice / Crimes Against Children Division. Domestic Violence and Abuse cases generate many photos. These photos are a key element in jury trials as evidence. The cost of this program improvement to Collin County is \$660 in one-time costs.

The District Attorney has received side chairs for the University Drive Courthouse Facility offices. At present, many of the attorney's offices have no side chairs for victims, witnesses, attorneys, or others to meet with them. Four side chairs will be purchased to place one chair in each office. The cost of this program improvement to Collin County is \$680 in one-time costs.

The District Clerk is a constitutional office created for the custodial care and management of all District Courts legal records, filings, and indexes which is accomplished by providing efficient and cost effective professional service to the District Courts, legal professionals and citizens.

GOALS & OBJECTIVES

To work with County officials and support departments in providing better resources and technology to the District Courts, legal professionals, and citizens for the advancement of better court services.

To deliver to other agencies in the County and judicial field the best possible interaction and service within the scope of our current resources.

To reorganize the District Clerk's Office, focusing on all the functional areas, in an effort to better manage staff and the increased volume of work as the courts transcend to a new court environment.

PROGRAM IMPROVEMENTS

The District Clerk has received a networked laser printer for the Civil / Family section. There is currently only one printer for all of the civil / family issuance. This includes citations, tro's, injunctions, subpoenas, executions and abstracts. An additional printer will help speed the service provided for seven district courts. The cost of this program improvement to Collin County is \$1.145 in one-time costs.

Two rapid printer file markers are being received by the District Clerk. One file marker is needed in the Civil / Family Manager's area where mail is opened and docketed daily. The other rapid print file marker is needed in the Appellate Section which is not conveniently located to one. Having the file markers in the different work areas will increase efficiency in the file section and appeal section. The cost of this program improvement to Collin County is \$1,432 in one-time costs.

The District Clerk has received a file cabinet for the Juvenile section. There has been an increase in filings and, as these are sensitive matters, a filing cabinet that can be locked is needed. The cost of this program improvement to Collin County is \$250 in one-time costs.

The District Clerk is replacing eight task chairs throughout the office. These chairs would replace those that are old, broken and uncomfortable. The cost of this program improvement to Collin County is \$1,840 in one-time costs.

Two bar-code scanner guns with cable are being received by the District Clerk for the Attorney General Child Support section. The volume of cases has significantly risen over the years. The other barcode scanner guns are not conveniently located to the AG Child Support section. The two additional barcode scanner guns will help with processing and reduce delays for the AG employees and District Clerk employees. The cost of this program improvement to Collin County is \$700 in one-time costs.

The District Clerk is receiving a \$2,100 increase in the office supplies line item. Filings have increased in the District Clerk's Office, and they will soon be accepting evidence from civil, family, juvenile, and criminal cases that will add to their office supply needs. The increase in office supplies would enable the District Clerk's Office to efficiently serve the public and the District Courts.

The Office of Elections Administration facilitates voter registration and conducts elections.

GOALS & OBJECTIVES

Voter registration is maintained for 318,000+ voters. The office interfaces with cities, school districts, the Central Appraisal District and the County's GIS department for current street information. Proper street maintenance is critical for precinct and district assignment.

Federal, State, and County elections are conducted by this office as well as contract elections requested by various subdivisions. The process includes the procurement and allocation of equipment, supplies and workers to the polling locations. Polling locations are published and posted to the County's website. Workers are trained. Ballots are tabulated, and election results are released to the entities and the public. Early voting is conducted for personal appearance and absentee voting as prescribed by election law.

Education and training programs are provided for citizens and voters in Collin County that cover election law, voter registration, polling place procedures and the use of voting equipment. Deputy Volunteer Registrars are trained and deputized to conduct voter registration drives and register voters. Speakers are available to address groups.

Election information is provided on the County's website. An additional focus for Community Outreach will include the transition to new voting equipment. Literature and demonstrations on the use of the equipment will be provided to the public.

MAJOR PROGRAMS

Voter registration database maintenance. Send street files to cities and school districts for sign-off.

Conduct Constitutional Amendment Election, Primaries and contract elections as requested. Implement new voting system for the Constitutional Amendment Election.

Voter education in the form of voter registration drives and Deputy Volunteer Registrar speaking engagements.

Community outreach will focus on the new voting equipment. Classes will be conducted for election workers. Demonstrations of equipment will be made available in public areas. Literature will be prepared and distributed.

PERFORMANCE MEASURES

PROGRAM IMPROVEMENTS

The Elections Administration Department is receiving a full service support contract to provide full project management, programming, drayage, logic and accuracy support, and election day rovers for four countywide elections. The cost of this program improvement to Collin County is \$198,810 in recurring costs.

The Elections Administration Department is also receiving two ten-drawer microfilm cabinets. The registrar is required by the Texas Election Code to maintain a file containing the approved registration applications of the registered voters of the County; the current cabinets are full. The cost of this program improvement to Collin County is \$3,700 in one-time costs.

PERFORMANCE MEASURES

PROGRAM IMPROVEMENTS

Facilities Management is receiving an increase in extermination services. Due to the age of Collin County buildings, termite maintenance is one form of preventative measures taken to ensure the stability and appearance of all County owned buildings. The cost of this program improvement to Collin County is \$25,000 in recurring costs.

Facilities Management is receiving additional furniture and office equipment. Various office equipment requested by this department includes two four-drawer file cabinets, a three-drawer file cabinet, three replacement chairs and a laminator. The cost of this program improvement to Collin County is \$3,815 in one-time costs.

Facilities Management is receiving additional computer hardware and software. Various computer equipment includes two personal computers, five printers, a scanner, five laptops with accessories, software upgrades and five IBM Pentium 4 systems. Upgrades to the CMS Monitoring System and laptops for HVAC technicians will enable them to connect to building HVAC systems without leaving the job site. Cost of this program improvement to Collin County is \$37,269 in one-time costs.

PROGRAM IMPROVEMENTS CONT.

Facilities Management is receiving maintenance tools. Various tools provide technicians with proper equipment to complete their assigned tasks in a professional and timely manner and include water leak detector, signal level meter, four power inverters, two portable wire marker printers, plotter drag blade cutter, recovery system, router bits, belt sander, skyjack lift, two evaporative cooling fans, three spindle shapers, wet/dry vacuum and an electric pallet truck. Cost of this program improvement to Collin County is \$44,083 in one-time costs.

Facilities Management is receiving heavy duty maintenance equipment. Two Lochinvar Gas Water Heaters were requested by this department to replace the two gas water heaters in the jail that have gone past their life expectancy. The cost of this program improvement to Collin County is \$30,670 in one-time costs.

Facilities Management is receiving telecommunications equipment. The five wall phones, desk phone and a fax machine requested are for the new building at the central plant location. The cost of this program improvement to Collin County is \$3,138 in one-time costs.

To develop and modify the Collin County geographic database, perform spatial analysis, produce maps and assign rural emergency 9-1-1 street addresses for the County.

GOALS & OBJECTIVES

To take on and complete projects involving GIS; this includes approved, budgeted and ad hoc projects.

To research new technologies and techniques that will allow our department and the County to run more effectively and efficiently.

To provide a high level of community service that involves GIS for volunteer fire departments, historical organizations, and public inquiries.

To provide customer service to our citizens, user departments and other agencies.

To continue to stress the importance of spatial information in decision making.

MAJOR PROGRAMS

Orthophotography 2005 - Aerial photography for the entire County

Rural Addressing - Assign e911 emergency response address to rural citizens of Collin County. This program maintains our roads and city limit layers. Other County departments are benefiting from this project. Public Works, Auditor's Office, Sheriff's Office and Elections all have a vested interest in accurately depicting roads and boundaries.

Web-based GIS - This program allows GIS to "give back" all of the time and resources spent developing GIS database. Any citizen can view our aerial images at any time. Most of our GIS layers are now on the web. We have and will continue to develop web GIS projects.

Visualization - Visualization is 3-D GIS. Our office is researching new and innovative ways to provide spatial information to employees and the public.

Multi-Tiered GIS Access - It is our goal to provide access to the GIS database to all employees and citizens. We have tiered our environment to three major components – Development, Power User and Web. Development is the GIS department; Power users are the Citrix users; and the web is for all. We are adding two more components in FY 2005 – mobile and wireless.

PERFORMANCE MEASURES

PROGRAM IMPROVEMENTS

GIS has received a conference table for their office. They will use this table to facilitate staff meetings and to meet with other Collin County GIS users in their office. Staff meetings, which occur on a regular basis, address enhancement of County Services for our citizens and provide a feedback forum for other GIS users within the County. The cost of this program improvement to Collin County is \$415 in one-time costs.

PROGRAM IMPROVEMENTS

Human Resources is receiving two laptop computers. By having equipment in the field, the user will be able to complete a project without having to wait until they return to the office. Employees will also have the ability to work from home. The cost of this program improvement to Collin County is \$5,700 in one-time costs.

Human Resources is receiving a manager's chair for the HRIS Manager. This position was approved midyear and is in need of an appropriate chair. The cost of this program improvement to Collin County is \$320 in one-time costs.

Human Resources is receiving five additional bookcases. These bookcases will make for a better work environment by allowing staff to utilize bookcases instead of stacking books inappropriately on the floor. The cost of this program improvement to Collin County is \$1,475 in one-time costs.

Human Resources is receiving two copies of Microsoft Project and Adobe Acrobat software, a copy of QuarkXPress 6 software, and an upgraded copy of Visio software. This software will allow the Human Resources staff to develop reports upon request, analyze survey data and create organization charts. The cost of this program improvement to Collin County is \$2,697 in one-time costs.

Human Resources is receiving three lateral filing cabinets. These cabinets will be used at work stations so that frequently used items are readily accessible. The cost of this program improvement to Collin County is \$1,355 in one-time costs.

PROGRAM IMPROVEMENTS

The Information Technology Department has received additional servers to complete the Citrix farm for thin-client users throughout the County. The additional servers will permit additional thin client units to be added to the network. Two servers and four packages of server software will be needed for this program improvement. The total cost to Collin County is \$160,000.

The IT department has received Ad Aware Professional software. Ad-aware Professional Edition is designed to provide continuous protection from known data mining, aggressive advertising, parasites, scumware, keyloggers, selected traditional trojans, dialers, malware, browser hijackers, and tracking components. The professional version is an enterprise version that would protect the entire County. The cost of this program improvement to Collin County is \$16,500 in one-time costs.

The IT department has received Track IT-User Sync. Track IT-User Sync is a module that can be added to Track IT (the County's Help Desk software). It provides additional functionality to sync the active directory and allow one time entry of data. The cost of this program improvement to Collin County is \$2,700 in one-time costs.

The IT department has received fifty network printer cards. Currently the County has over 723 printers deployed. This represents a ratio of approximately two employees to one printer. The generally accepted standard is six employees to one printer. As part of the IT strategy to reduce the carrying expense of 723 printers, IT is proposing to network as many printers as possible in lieu of purchasing new units. The cost of this program improvement to Collin County is \$22,500 in one-time costs.

The IT department has received a five license pack of Hyena Software. Hyena Software is a tool used to manage the Active Directory. The cost of this program improvement to Collin County is \$967 in one-time costs.

The IT department has received one hundred fifty additional licenses for Silverback. Silverback is a network tool deployed at the County. These licenses are for additional servers and telecom equipment. The cost of this program improvement to Collin County is \$3,000 in one-time costs.

The IT department has received ten additional Track IT concurrent user licenses. Track IT is the County Help Desk software. The IT department is in need of additional licenses due to increased users being added for tracking work orders. The cost of this program improvement to Collin County is \$9,950 in one-time costs.

The IT department has received a Business Analyst to better serve the internal and external customers of Collin County. This position will coordinate business requirements and technological capabilities across the organization and serve as the conduit to the Information Technology group. The cost of this program improvement to Collin County is \$5,971 in one-time cost and \$72,529 in recurring cost for a total of \$78,500.

The IT department has received Survey Select Expert Software. Survey Select Expert is an off the shelf product that allows surveys to be presented via the web for end-users. The IT department will continue to measure and monitor their service delivery and make changes where appropriate to better serve the citizens and employees of Collin County. This software can be deployed Countywide and support Performance Based Pay. The cost of this program improvement to Collin County is \$1,095 in one-time costs.

The IT department has received funds for an ongoing program to update a percentage of our servers with the latest software. The County has approximately seventy-five servers, and most are running on version Windows 2000. Approximately 30% should be upgraded to Windows 2003. This program improvement includes twenty MS 2003 Server Software Standard and media kit, and five MS 2003 Server Software Enterprise and media kit at a total one-time cost of \$19,990.

The IT department has received five Maxtor One Touch 250GB Hard Drives. These hard drives will allow the IT group to download large amounts of data for transfer and equipment repair. This improvement will increase operating uptime and customer satisfaction. The cost of this program improvement to Collin County is \$1,925 in one-time costs.

PROGRAM IMPROVEMENTS CONT.

The Web group of the IT department has received web development software for code creation and display including Adobe Photoshop CS 2.0 upgrade, Adobe Acrobat, Macromedia Studio MX 2004 with Flash Professional upgrade and Macromedia Contribute 2 at a total one-time cost of \$6,044.

The IT department is receiving thirty replacement computers to be used Countywide. There are approximately thirty Windows 1998/95 version desktops in the County inventory that need to be replaced since they can not process newer applications. The cost of this program improvement to Collin County is \$60,750 in one-time costs.

The IT department is receiving replacements for three task chairs and the purchase of four new 4-step Gorilla Ladders. There are currently three chairs in their department that are worn out and have broken wheels and arms. The Gorilla Ladders are used in the server rooms to reach the top of the racks. The cost of this program improvement to Collin County is \$890 in one-time costs.

The IT department is receiving ten copies of MS Office Professional 2003. This software will be used for testing and training for the IT department prior to rollout of this software Countywide. The cost of this program improvement to Collin County is \$3,640 in one-time costs.

The IT department has received MS Visio for the IT senior secretary. MS Visio is used for the creation of flowcharts and server design. The cost of this program improvement to Collin County is \$330 in one-time costs.

The IT department has received Netbotz PilotPak 400C/WallBotz 400C. Netbotz is a server room monitoring device that will provide remote access viewing and temperature monitoring of critical server spaces. In the unlikely event of a disaster, the monitoring device will alert key individuals on the IT staff of such an event. Network administrators will be able to logon via any internet connection and reboot or shutdown the equipment. The cost of this program improvement to Collin County is \$12,149 in one-time costs.

The IT department is receiving fifteen additional network printer cards for the District Attorney's office. These cards will be used to network key printers in the District Attorney's office. This project is in effort to reduce the number of printers in the County and have more users to a single printer. The cost of this program improvement to Collin County is \$6,750 in one-time costs.

PROGRAM IMPROVEMENTS

Jail Operations is receiving additional infirmary equipment to include a general hospital stretcher, beds and mattresses, a semielectric bed and mattress for disabled inmates and additional stacking beds. This equipment will allow the infirmary to operate efficiently and effectively. The cost of the program improvement to Collin County is \$7,130 in one-time costs.

Jail Operations is receiving kitchen and warehouse equipment to include can openers, lift trucks, and storage cabinets. This equipment is all essential to the operations of the jail kitchen. The cost of this program improvement to Collin County is \$4.825 in one-time costs.

Jail Operations is receiving new and replacement office furniture for its Admissions and Release division, the Infirmary and the Classification division. With the growth of the jail, additional filing cabinets are needed to accommodate the jail packets. Replacement task chairs are needed in the Infirmary and Classification office. All of the current chairs are worn, broken or unuseable. The cost of this program improvement is \$4,310 in one-time costs.

Jail Operations is receiving office equipment for the Bond and Booking divisions including a currency counting machine and a hopper safe. The counting machine will assist with error-free counting of money that averages over \$10,000 per day. The safe will replace an older cabinet with a more secure method of holding money. The cost of this program improvement to Collin County is \$1,400 in one-time costs.

Jail Operations is receiving two additional steel property storage racks for the Property Room. These additional property racks are needed due to the growth of the jail. The cost of this program improvement to Collin County is \$480 in one-time costs.

Jail Operations is receiving two fax machines, one for the Jail Case Coordinator's Office and one for the Bond division. The machine for the Jail Case Coordinator's Office would replace an old machine that is frequently in need of repair. Adding a fax machine to the Bond division would increase work productivity in that division because it would eliminate the need to leave the office to go to a fax machine. The cost of this program improvement to Collin County is \$550 in one-time costs.

Jail Operations is receiving the resurfacing of the fingerprint platens in the Booking division. The machine must be resurfaced twice a year in order to keep it in good working order. The cost of this program improvement to Collin County is \$2,000 in recurring costs.

The Precinct 1 Justice Court presides over the Justice, Small Claims and Criminal Courts and also sits as magistrate for juvenile warnings, felony warrants and examining trials. The court jurisdiction includes civil disputes and small claims of \$5000 or less, and criminal cases on class C misdemeanors of \$500 or less, including having sanction powers on certain class C cases [alcohol, tobacco and education code]. The Justice Court also handles evictions, drivers license suspension, animal cruelty cases, disposition of stolen property matters and nuisance cases. This court also presides over hearings on deed restrictions and an assortment of other administrative magistrate functions.

This court is also responsible for the collection of fees for the court, warrant issuance, various types of civil processes, issuance of summons, assignment and monitoring of community service, monitoring compliance of mandatory drug and alcohol rehabilitation courses as well as probated sentences and driver's safety courses. This court also serves as the administrative court for all Justice Courts within Collin County.

GOALS & OBJECTIVES

To serve the public - striving for better than better customer service; to represent Judge Raleeh and Collin County as a whole in a professional and courteous manner; to provide resources for individual needs. To provide the employees resources [tools and training] that they need to complete their duties timely, accurately and in the best interest of customer service. To send each employee to Justice Court School so they may continue their knowledge and expertise in the court, as well as being able to network with other court personnel from around the State.

To create a computer system that will bring the Collin County Justice Courts up to a level equal to current computer technology; this includes simplifying employee use, public access, and e-commerce.

To complete the (SOP) Standard Office Procedure Manual for all Justice Courts to assist in training.

To update the website for Justice Courts including online payments.

To provide efficient, friendly and professional service to all citizens who come into contact with this Justice of the Peace Office. The Court is responsible for maintaining, processing, and hearing cases filed by state and county agencies, local businesses and citizens. We provide a Civil Night Court and Teen Court Program to help move cases along and provide good, inexpensive alternatives to the public. This court will continue to effectively process all Class C Misdemeanors, civil suits of all kinds, and assist the students of Collin County through a comprehensive truancy program. We are able to achieve this goal through continued training, legal seminars, use of technology and employee diligence.

GOALS & OBJECTIVES

To dispose of pending cases within the court's jurisdiction through hearings, trials or the issuance of warrants to lower accounts receivables and increase disposition rate. This will be accomplished by staffing to proper levels.

To provide sound alternative programs at no cost to the taxpayers but providing up-to-date solutions to difficult problems.

To utilize effective means to collect revenue owed to the County by reducing accounts receivables.

To provide quality service for all parties through efficient, courteous and professionally trained staff.

To encourage open communications between all County departments and the citizens of Collin County.

To promote employee development and education by attending Court Personnel Training, legal seminars, and in-house training.

To lower current staff's comp time by employing an additional full time clerk.

To provide fair and impartial treatment of all citizens.

MAJOR PROGRAMS

Process Criminal Cases: traffic cases, hot check cases, and all Class C Misdemeanors by means of collection of fees, setting cases for Show Cause Hearings, issuing summons and subpoenas, setting cases for trial either Trial by Court or Trial by Jury, issuing warrants for pending cases.

Process Civil Cases: evictions, small claims and justice court claims, night court.

Conduct other Official Functions: budgeting for the office, personnel issues, payroll and coordination with other agencies.

Perform Administrative Functions: Department of Public Safety Drivers License Suspension hearings, handgun hearings, peace bonds, emergency mental commitments, and search and seizure warrants; Also sits as magistrate for juvenile warnings, felony warrants, Class A and B Misdemeanors and examining trials; Disposition of stolen property, and towing hearings.

The Records Management Department acts as the caretaker of information belonging to the citizens of Collin County. This stewardship involves preserving the information while making it available in a usable and cost effective manner, providing comprehensive records management support to County departments, and ensuring that legally mandated retention schedules and preservation standards for records are followed.

GOALS & OBJECTIVES

To serve Collin County citizens, business community, and departments through the collection, storage, retention, preservation, and disposition of County records entrusted to the department's care and serve as a resource for developing records and information management resources and technology.

To produce, store, and preserve high quality and long lasting electronic and/or micrographic copies of original documents.

To ensure that electronic records created and received by the County are maintained, preserved, and disposed of in accordance with County, State, and Federal rules and regulations.

MAJOR PROGRAMS

Records Retention - provide County departmental and the public support, training, and shredding services to ensure that legally mandated retention schedules and preservation standards are followed for County records.

Provide off-site storage, retrieval and refiling facility for County departments, thus reducing space requirements for departments.

Microfilm and index permanent, long-term, and high-volume County records to preserve the records and reduce the storage costs for the County.

Index and scan appropriate records for high-volume use by other County departments.

Preserve microfilm and electronic records as mandated by state laws and regulations.

PROGRAM IMPROVEMENTS

The Sheriff's Office is receiving additional office equipment to be utilized in the new quartermaster area. The finish-out to the quartermaster's area will be completed in 2005. Certain office equipment is necessary to ensure that the County receives maximum value from its investment in this renovation. The items being requested include shelving, a task chair, a file cabinet and computer equipment. The cost of this program improvement to Collin County is \$7,521 in one-time costs.

The Sheriff's Office is receiving five additional Incident Based Reporting System (IBRS) software licenses. By adding these software licenses to the Criminal Investigation Section (CIS), CIS will be able to access information such as incident reports, prior incidents from citizens, and reports relating to specific property found. Having access to this information will greatly facilitate the ability to work with citizens. The cost of this program improvement is \$17,700 in recurring costs.

The Sheriff's Office is receiving replacement office furniture for the Criminal Investigation Section. This furniture is approximately ten years old. A phase-in process has been adopted in requesting replacement furniture. The items being requested this year include five lateral file cabinets and two sled based chairs. The cost of this program improvement to Collin County is \$2,270 in one-time costs.

The Sheriff's Office is receiving a refrigerator and freezer for evidence storage in the Criminal Investigation Section. This equipment will be utilized to store biological evidence requiring refrigeration and freezing. The cost of this program improvement is \$610 in one-time costs.

The Sheriff's Office is receiving two advanced taser guns. These taser guns will be utilized as non-lethal weapons available to patrol deputies. The cost of this program improvement to Collin County is \$1,060 in one-time costs.

The Sheriff's Office is receiving additional office equipment to be utilized in the new patrol briefing area. The finish-out to the patrol briefing area will be completed in 2005. Certain office equipment is necessary to ensure that the County receives maximum value from its investment in this renovation. The items being requested include projector screens, dry erase boards, mailbox, television and VCR. The cost of this program improvement to Collin County is \$6,674 in one-time costs.

The Sheriff's Office is receiving an additional Dispatcher position. This position is necessary to handle the increased call volume experienced by the Sheriff's Office. The cost of this program improvement is \$43,215 in recurring costs.

PROGRAM IMPROVEMENTS

Support Services is receiving a replacement postage meter, updating their software and receiving bar coding equipment. A study was done of the mailroom processes. The result of the study showed that by moving to zip+4 and bar-coded mail the County could save approximately \$300 per day. The cost of this program improvement to Collin County is \$50,000 to be offset by these savings.

Support Services is receiving two double sorter shelves to be used for sorting flats. Currently, the mailroom is not sorting flats but is instead mailing them at the standard rate. By sorting the flats, the mailroom will be able to used the pre-sort mailing rate and further reduce the County's mailing expenses. The cost of this program improvement to Collin County is \$2,660 in one-time costs.

Support Services is changing their permanent part-time position into a temporary position to be utilized from January thru April. The result of the mailroom study showed a peak season for the mailroom during this time. The current three employees can handle the workload on their own during off peak season. A \$21,000 position will be replaced with \$2,800 in temporary services.

Support Services is receiving an electric pallet jack. Occasionally a paper delivery is brought by a truck with no pallet jack. The dock is on an incline and with the current manual pallet jack it takes three people to move to paper to storage. This electric pallet jack will be shared between Support Services and Purchasing or any department who receives heavy items. The cost of this program improvement to Collin County is \$3,019 in one-time costs.

PROGRAM IMPROVEMENTS

The District Clerk is receiving a new Jury Management System. The present computer program was written in 1989 and has had minimal enhancement. The program was designed for operations by only one person, and now there are four employees performing jury management in two different locations. The cost of this program improvement to Collin County is \$100,000.

The District Clerk is receiving a laser fax machine for the Jury Clerks. Currently the Jury Clerks have a small desktop fax machine that does not meet their needs. They have a large volume of fax traffic including letters from doctors, change of addresses, and employer requests for verifications while they fax out letters of verification and other needed correspondence. The cost of this program improvement to Collin County is \$2,500 in one-time costs.

The District Clerk is receiving funding for the Outsourcing Contract for Jury Questionnaires and Summons. This is part of the Commissioners Court approved outsourcing. The cost of this program improvement to Collin County is \$48,101 in recurring costs.

The Bioterrorism Response Team has been formed to enhance community efforts and planning measures for the residents of Collin County. By collaborating with existing departments and facilities within the County, the team will update, improve, and expedite bioterrorism planning and preparedness interventions for the County.

GOALS & OBJECTIVES

Educate Collin County residents about the Department of Homeland Security and Bioterrorism Response Team.

Facilitate training for Collin County agencies to enhance planning and preparedness efforts for potential natural and bioterrorism disasters.

Educate the medical community about capacities to detect and investigate disease outbreaks.

Empower the medical community to provide timely reporting for accurate disease surveillance.

Actively participate, facilitate, and expedite communication connectivity throughout the County through improved technology and communication systems.

Work collaboratively with the Collin County Public Information Officer by providing educational materials, improving informed evidence based decisions about preparedness efforts, and reducing anxiety and fears about potential natural and bioterrorism events.

The Office of Elections Administration conducts elections.

GOALS & OBJECTIVES

Contract elections requested by the various subdivisions are conducted by this office. The process includes the procurement and allocation of equipment, supplies and workers to the polling locations. Polling locations are published and posted to the County's website. Workers are trained. Ballots are tabulated and election results are released to the entities and the public. Early voting is conducted for personal appearance and absentee voting as prescribed by election law.

MAJOR PROGRAMS

Conduct primaries and contract elections as requested.

PERFORMANCE MEASURES

PROGRAM IMPROVEMENTS

The Elections Administrator has received an increase in the contract labor line of \$99,210 to capture costs associated with the preparation and delivery of voting machines to polling locations, logic and accuracy testing on each machine, and polling location rovers. These costs will be recovered through charges to the entities requesting the election.

The Elections Administrator has also received an increase to the Contract Elections education and conference budget to attend the annual SOS conference. The annual SOS conference provides instruction and updates reflecting current and new legislation. Attendees will be better prepared and trained to comply with mandated changes. The cost of this program improvement to Collin County is \$2,680 in recurring costs.

The Mission of the Community Supervision and Corrections Department is: 1) to protect the community through supervision/incarceration of the offender; 2) to deter criminal behavior through the administration of sanctions; 3) to encourage positive change in the offender's behavior; and 4) to increase community corrections involvement. Our philosophy is that the offenders should be held strictly responsible and accountable for their actions, while at the same time they are assisted in facilitating pro-social changes in behavior. The Corrective System envisioned will provide for incapacitation, retribution, risk control management, and treatment for those persons charged with or convicted of criminal offenses in Collin County.

GOALS & OBJECTIVES

To increase the involvement and responsibility of local communities within the County in developing sentencing programs that provide effective sanctions for offenders.

To provide increased opportunities and outlets for the offenders to make restitution to crime victims by financial reimbursement and community service restitution.

To provide increased use of community penalties designed specifically to meet the local needs.

To provide the most economic and efficient community-based correctional programs possible, consistent with the objectives of our Texas Penal Code.

To publicize and nurture our efforts to achieve life betterment, not only of the offender and his offspring, but to strive to improve the education and betterment of all mankind.

MAJOR PROGRAMS

Basic Supervision: Regular Felony and Misdemeanor Offenders

Community Corrections Programs: CCF (SCORE), Enhanced Supervision Strategies, Adult Education, Culturally Specific Caseloads

Diversion Programs: Specialized Caseloads for the Mental Impaired, Sex Offenders, Substance Abuse Offenders, and Youthful Offenders

Treatment Alternative to Incarceration: Indigent substance abuse inpatient and outpatient services

The Pre-Trial Release Office is receiving a paper shredder. This office handles a high volume of sensitive paperwork that must be destroyed by shredding. Currently the office utilizes the shredder in Booking, which takes the personnel away from their own work area, sometimes for an extended period of time. Having a shredder in the office will expedite the process of managing sensitive paperwork. The cost of this program improvement to Collin County is \$330 in one-time costs.

To allow records of the past, present, and future to be preserved for the history of Collin County.

GOALS & OBJECTIVES

To make the most efficient and reliable access to our records.

PROGRAM IMPROVEMENTS

The County Clerk is implementing the FY 2005 Imaging Project. This new imaging system will process all documents with improved operational efficiency which will be a cost savings to the taxpayers of Collin County. This new system will allow the office the ability to transact business via the Internet. The Map/Plat project will allow all of the map/plats filed in Collin County to be digitized and downloaded into the image system to allow the public access to them from 1903 to the present. By upgrading to an integrated recording system, the office can benefit from some options such as eRecording, a greater ability to track and monitor work flow, credit cards, and internet. The new procedures will be more efficient and cost effective since this office will be scanning instead of using a vendor to film documents. The cost of this program improvement to Collin County is \$1,336,057 in one-time costs.

The County Clerk is receiving four laser printers for the Vitals department. These printers are more efficient and cost effective, saving money on the cost of pre-printed certificates. The cost of this program improvement to Collin County is \$10,560 in one-time costs.

The County Clerk is receiving nine ergonomic keyboards for the Indexing department. The design of the keyboards is intended to reduce employee fatigue and discomfort. The cost of this program improvement to Collin County is \$315 in one-time costs.

The County Clerk is receiving funds for OCE Maintenance. Annual maintenance was covered in the initial price during the first year. The County is now in the second year and needs to continue the maintenance agreements at a cost of \$2,800 in recurring costs.

The County Clerk is receiving ten ergonomic chairs. The design of the chairs is intended to reduce employee fatigue and discomfort. The cost of this program improvement to Collin County is \$3,000 in one-time costs.

Glossary of Terms

Account: Financial reporting unit for budget, management or accounting purposes.

Accounting System: The total set of records and procedures which are used to record, classify, and report information on the financial status and operations of an entity.

Accrual: The recognition of a transaction at the time it occurs, as opposed to when cash is spent or received.

Accrual Basis: The basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity: A specific unit of work or service.

Ad Valorem Taxes: Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Appropriation: An authorization made by the Commissioners Court which allows officials to incur obligations and make expenditures of governmental resources. An appropriation is typically granted for periods of one year and specified for fixed amounts.

Assessed Valuation: An estimated value placed upon real and personal property by the appraisal district as the basis for levying property taxes.

Assets: Property owned by the County which has monetary value.

Audit: A systematic examination of resource utilization. The audit is a test of management's internal accounting controls and is intended to verify financial positions and the legality of transactions; to identify improvements in accounting systems and accuracy and consistency of transactions; and to certify the stewardship of officials responsible for governmental funds.

Authorized Positions: All positions authorized by Commissioners Court for each office and department. This includes both full time and part time positions.

Available Fund Balance: The cash remaining from the prior year which is available for appropriation and expenditure in the current year.

Base Budget: Ongoing expense for personnel and maintenance and operations required to maintain service levels previously authorized by the Commissioners Court.

Bond: Bonds are used as long-term debt instruments to pay for capital expenditures. A bond is a written promise to pay a specified sum of money (principal) at a specific future date (maturity data), as well as periodic interest paid at a specified percentage of the principal (interest rate).

Bond Rating: The credit-worthiness of a government as evaluated by independent agencies.

Bond Refinancing: The payoff and re-issuance of bonds to obtain better interest rates and bond conditions.

Budget (Operating): A financial operation plan consisting of an estimate of proposed expenditures for a fiscal year and an estimate of proposed revenues. The term is also used to identify the officially approved expenditure levels under which the County and its offices and departments operate.

Budget Calendar: The schedule of key or target dates which the County follows in the preparation and adoption of the budget.

Budget Document: The instrument used by the Budget Officer to present a comprehensive financial program to Commissioners Court.

Capital Assets (Fixed Assets): Assets of significant value which have a useful life of several years.

Capital Budget: A plan of proposed capital expenditures and the means of financing the proposals. The capital budget is based on a Capital Improvement Program.

Capital: The expenditure group used to fund capital outlay purchases such as furniture, computers, vehicles and kitchen and laundry equipment. Purchases made from the capital expenditures group become fixed assets of the County.

Capital Improvement Program: A multi-year plan for capital expenditures which sets forth each proposed capital project, identifies the expected beginning and ending date for each project, the amount to be expended each year, and the method of financing each capital project.

Capital Outlays: Expenditures for the acquisition of fixed assets which have a value of \$5,000 or more and have a useful economic lifetime of more than one year. Includes the cost of land, buildings, permanent improvements, machinery, large tools, furniture and equipment.

Capital Project: Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Commodities: Items of expenditure which, after use, are consumed or show a material change in their physical condition. Commodities are generally of limited value and are characterized by rapid depreciation (i.e. office supplies, motor fuel, etc.).

Contingency: A budgetary reserve set aside for emergencies or unforeseen expenditures.

Current Taxes: Taxes that are levied and due within one year.

Debt Service: The obligation to pay the principal and interest of all bonds and other debt instruments according to a pre-determined payment schedule.

Delinquent Taxes: Taxes which are unpaid after the due date, in which a penalty is assessed for non-payment.

Department: A major administrative division of the County which indicates overall management responsibility for the operation of a group of related functions.

Depreciation: Expiration in the service life of capital assets attributable to wear and tear, deterioration, physical elements, inadequacy, or obsolescence. Depreciation is also the portion of the cost of a capital asset which is charged as an expense during a particular accounting period.

Effective Tax Rate: That tax rate which will generate the same amount of tax revenue on the same tax base in the next fiscal year as in the current fiscal year.

Encumbrances: Obligations in the form of purchase orders, contracts, or salary commitments which are reserved in specified appropriations. Encumbrances cease to exist when paid or when an actual liability is established.

Estimated Revenue: The amount of projected revenue to be collected during the fiscal year.

Expenditure Group: A grouping of like expenditures used to exercise budgetary control. For example, the Personnel expenditure group includes salaries, social security and Medicare, retirement, group health insurance, group life insurance and disability premiums. An office or department can over run an individual line item as long as the expenditure group remains within the budget.

Expenditures: The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Fiscal Year: The time period designated by the County signifying the beginning and the ending periods for recording financial transactions. Collin County has designated October 1 to September 30 as its fiscal year.

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts, identifiable revenue sources and expenditures. Funds are segregated for the purpose of completing specific activities or attaining certain objectives.

Fund Balance: An excess of an entity's revenues over expenditures and encumbrances over a specific period of time.

General Fund: The largest fund within the County, the General Fund accounts for most of the financial resources of the government which may be used for any lawful purpose. General Fund revenues include property taxes, charges of services, fines and forfeits, intra/intergovernmental revenue and other miscellaneous types of revenue. The General Fund includes most of the basic operating services, such as the Sheriff's Office, Jail, Judicial System, Fire Marshal, Information Technology, Constables, and Justices of the Peace.

General Obligation Bond: General Obligation Bonds must be authorized by public referenda. Bonds become General Obligation Bonds when the County pledges its full faith and credit to the repayment of the issued bonds.

Intergovernmental Grant: A contribution of assets by one governmental unit to another. In most cases the grants are made to local governments from the State and/or Federal Governments. Intergovernmental grants are usually made for specified purposes.

Internal Service Fund: Funds utilized to account for the financing of goods or services provided by one department or office to other departments or offices within a government.

Investment: Securities and real estate purchased and held for the production of income in the form of interest, dividends, rentals, or base payments received.

Liability: Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date. A liability does not include encumbrances.

Long-Term Debt: Debt with maturity of more than one year after the date of issuance.

Maintenance and Operations: The expenditure group that includes all payments for commodities and low value assets. Examples of line items in this group include office supplies, small tools, software, and uniforms.

Maturities: The dates on which the principal or stated values of investments of debt obligations mature and may be reclaimed.

Operating Funds: Resources derived from recurring revenue sources used to finance ongoing operating expenditures and "pay-as-you-go" capital projects.

Performance Measures: Specific quantitative measures of work performed within an activity or program (i.e. total number of investigations conducted by the Sheriff's Department). Types of performance measures include inputs, outputs and outcomes.

Personnel: The expenditure group that includes all personnel related costs such as salaries, social security and Medicare, retirement, group health insurance, group life insurance and disability premiums.

Program Improvement: Requests submitted by departments during the budget preparation period to change the level of service or method of operation. Generally, these requests are for additional resources including personnel.

Reserve: An account used to indicate that part of a fund's assets are reserved for a specific purpose.

Resources: Total dollars available for appropriations including estimated revenues, fund transfers, and beginning fund balances.

Revenue: The funds collected by a government.

Revenue Estimate: A formal estimate of how much revenue will be earned from a specific revenue source for some future period.

Risk Management: An organized attempt to protect a government's assets against accidental loss.

Shortfall: The excess of expenditures over revenues during a single accounting period.

Tax Levy: The total amount to be raised by general property taxes for operating and debt service purposes.

Tax Rate: The amount of tax levied for each \$100 of assessed valuation.

Tax Rate Cap: The maximum legal property tax rate at which a county may levy a tax.

Transfers: Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

User Charges (Fees): The payment of a fee for direct receipt of a public service by the party benefiting from the service.

Yield: The rate earned on an investment based on the price paid for the investment.

Collin County Budgetary Control Policy

This Budgetary Control Policy is to remain in effect until changed or otherwise repealed by Commissioners Court.

1. Creation of New Appropriations or Funds

No new appropriation or fund shall be added to the County budget without prior approval of Commissioners Court.

2. Routine Budget Adjustments

All budget adjustments made under this section will be made upon the order of the Commissioners Court as herein explained.

- a. <u>Inter-Departmental</u> Any adjustment which moves funds from one department to another must be presented to the Court for consideration and action.
- b. <u>Inter-Fund</u> Where permitted by law, any adjustment which moves funds from one fund to another fund must be presented to the Court for consideration and action.
- c. <u>Inter-Category</u> There are three categories within each department's budget: personal Services, maintenance and operations, and capital outlay. Any adjustment which moves funds from one category to another must be presented to the Court for consideration and action
- d. <u>Intra-Departmental</u> Any adjustment which moves funds within a department from line to line within a category may be done following coordination between the County Auditor, the County Budget Officer, and the department concerned per GASB policies adopted 08/27/2001. A source document will be prepared and certified by the County Auditor and County Budget Officer indicating the department, the line items affected and the amount being amended.

3. Routing of Budget Adjustments

To purchase unbudgeted equipment or capital items:

- <u>Step 1</u>: To Information Services and Equipment Services in the case of technology or vehicle purchases for specifications to be developed.
- <u>Step 2</u>: To Purchasing for pricing and availability verification. Initial request must include justification.
- <u>Step 3</u>: To Budget Officer for review and referral. The Budget Officer shall also verify the availability of funds and recommend a budget adjustment if necessary. Request

should include appropriate agenda request form, budget adjustment form, and justification memo as needed.

Step 4: To Commissioners Court for approval or disapproval.

To correct an insufficient fund situation

<u>Step 1</u>: To Budget Officer from Department Manager requesting that accounts be amended and providing justification for such request. The Budget Officer will review the request to verify if the request is justified and meets GASB policies adopted 08/28/2001. Request should include appropriate agenda request form, budget adjustment form, and justification memo as needed.

Step 2: To Auditor for review and comment.

Step 3: To Commissioners Court for approval or disapproval.

Salary related adjustment

Step 1: To Human Resources for review and comment as appropriate.

Step 2: To Budget Officer for review and comment.

Step 3: To Commissioners Court for approval or disapproval.

4. Reallocation of Funds

Funds for capital expenditures budgeted in non-departmental shall be reallocated to the department receiving benefit of such purchase if:

- a. The reallocation is approved by the Budget Officer.
- b. A budget adjustment is approved by Commissioners Court

The Budget Officer is authorized to reallocate funds between office equipment and capital line items at the time of purchase if:

- a. The item to be purchased is budgeted.
- b. The cost of the item does not exceed the budgeted amount.
- c. The reallocation is approved by the County Auditor.

The Budget Officer is authorized to reallocate funds between travel reimbursement and day travel reimbursement if:

- a. The amount of reallocation does not exceed funds available in travel reimbursement.
- b. The reallocation is approved by the County Auditor.

The Budget Officer is authorized to reallocate funds between County Paid Invoices and other appropriate accounts if:

- a. The amount of the reallocation does not exceed funds available in the account being charged.
- b. The reallocation is approved by the County Auditor.

The Budget Officer is authorized to reallocate funds between Statement of Facts (M&O) and Statement of Facts (Personal Services) if:

- a. The amount of the reallocation does not exceed funds available in Statement of Facts (M&O).
- b. The reallocation is approved by the County Auditor.

5. Non-Departmental Budget Adjustments

All adjustments that involve Non-Departmental accounts will be routed to the Budget Officer for review, comment, and action. All adjustments will be placed on the agenda by the Budget Officer for Commissioners Court approval. The agenda request shall include information concerning the current budget and year-to-date expenditure status of the Non-Departmental accounts that are affected by the adjustment.

6. Non-Departmental Budget Expenditure and Authorization

All requisitions submitted for the non-departmental accounts must be forwarded by the requesting department to the Budget Department for approval.

The Auditor's office will insure that a signature card for the above accounts be maintained and limited to Budget Department staff.

7. Emergency Amendment

The Budget Officer is authorized to approve emergency purchase requisitions prior to Commissioners Court approval. All budget amendments under this section will be made only

upon order of the Commissioners Court. There are two methods available to accomplish this action:

- a. Public Hearing The same process is followed as for the adoption of the budget.
- b. <u>Emergency Adjustment</u> In case of grave public necessity, emergency expenditures to meet unusual and unforeseen conditions which could not by reasonably diligent thought and attention have been included in the original budget may from time to time be authorized by the Court. A copy of the order amending the budget must be filed in the County Clerk's office and attached to the originally adopted budget.

<u>Note:</u> An amendment under this section has the effect of increasing the budget, whereas an adjustment <u>does not</u> increase the budget – it merely relocates funds within the existing budget.

8. Purchases

A purchase requisition shall not be submitted by any department without available funds. Such requisition shall remain at the department approval level until funds become available.

The Purchasing Agent is not authorized to allow any purchases that exceed budgeted funds without prior approval from the Budget Officer and with ultimate approval of the County Judge or Commissioners Court along with a budget amendment or adjustment.

If a purchase requires a reallocation of funds, the Purchasing Agent shall contact the Budget Officer to initiate the reallocation of funds. The reallocation of funds must be completed prior to purchase unless circumstances exist that require an override prior to approval of the reallocation.

The Budget Officer is authorized to pre-approve purchases of capital equipment and vehicles whose final cost exceeds the budgeted amount by not more than 5% as long as excess funds are available in the capital account to cover the final cost.

The Budget Officer is authorized to purchase capital or non-capital replacement items if such item is in disrepair and funds are available in the capital replacement accounts.

Any requisition submitted by a department charged against an improper account number shall be returned to the department for correction. The Purchasing Agent and/or the County Auditor shall not change any account number on a requisition without first consulting with the Elected Official/Department Director concerned.

9. Education and Conference Expenditures

Elected Officials and Department Directors are not authorized to exceed Education and Conference funding without prior approval from the County Judge or Commissioners Court.

Prior to attendance at any function by a County employee that would be classified as an Education and Conference expense a requisition shall be submitted estimating the entire cost of attendance. Failure to submit an estimation of cost may result in loss of personal funds. Failure to submit an estimation of cost shall require Commissioners Court approval of such expense claim prior to reimbursement.

10. Excess Capital Funds

On a quarterly basis, the Budget Officer shall remove excess funds in each Department's capital accounts. A budget adjustment moving excess funds to the Non-Departmental Miscellaneous account shall be submitted to Commissioners Court.

11. Budget Balance

Any Elected Official/Department Director whose budget ends in a deficit amount may lose funds in the following fiscal year equal to the deficit amount after evaluation by Commissioners Court.
